

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more --especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Contained within every evil(greedy profiteering republican) act are the seeds of its own destruction. Adhere to the teachings of Jesus, as contained in The Urantia Book, or else suffer the consequences. It IS that simple. TRUTH has been spoken to power, Peace will prevail. Buck Fush!

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more—especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.
